### Pioneer Days huge success at Museum

“Home, home on the range, where the deer and the antelope play, where seldom is heard a discouraging word and the skies are not cloudy all day”. This song may have rung in the hearts of many on January 24th, 2004. Pioneer Days was a major success that day.

The museum had an overwhelming crowd attend this annual event. Over five hundred people showed up and enjoyed old and new workshops at the museum.

The event presented workshops such as tribal face painting, old fashioned games, silhouettes, candle dipping, apple peeling, butter churning, rope making, yarn doll making, marbles, hopscotch, and Hot Wheels races. There were numerous educational demonstrations, for

instance, weaving, quilting, toy-trains, and re-enactments in the school and church.

Rope-making was a huge hit, after Don Miller and his wife

Shirley stepped in. They brought plastic rope for the children to create jump-ropes. We

would like to personally thank them for their awesome job.

Alan Smith and Merle Smith provided wonderful Old Time Music at the Ham and Bean feed.

The Model T

Club showed a few of their antique cars in the parking lot.

Not only did we have an abundant crowd, we were also very pleased with all of our volunteers. Over twenty volunteers provided “scrumptious” pies for the Ham and Bean feed. Over 35 volunteers helped with the activities.

We were also “Star struck” by the 25 “Celebrities” of Coffey County, that graced us with their presence at the Ham and Bean Feed. We had no leftovers, which was a major achievement!

Over-all Pioneer Days 2004, was the best one we have had in five years. We would like to thank all of the volunteers and attendees for helping make this special event a success.

## Two “Love Birds” exchanged vows on Valentine’s Day in Bethel Church

Brett Nash and Bobbi Peet were married in the Bethel Church on the Museum grounds, February 14th, 2004.

Brett and Bobbi have a beautiful daughter together and have known each other for eight years. The couple had been engaged. They decided to enter the KSNP wedding contest, although they didn’t think a wedding was possible this year. After entering the contest they received about 400 votes and the other couple competing for the wedding only received about 250 explained Bobbi.

“When we won we both thought it was fate,” she commented. The local businesses pitched in and paid for the whole wedding, including dresses, rings, location, honeymoon, cake, the whole works. Bobbi did admit she bought a few “odds and ends” for the wedding, she said she spent about \$200.00 total.

She was extremely pleased with the location, both Brett and Bobbi wanted a simple wedding. Her comment on the Bethel Church was, “We couldn’t have asked for a better location for the wedding!”

“The one thing she liked about the wedding ceremony was that the heaters worked well,” she replied. Not only did she like the heat, she mostly loved the fact that

they were able to get married. “We had the wedding of our dreams”, she exclaimed.

Not only was the wedding great, Bobbi said, the honeymoon was too. The happy couple left after the wedding to go to Joplin, Missouri for a one night getaway. They stayed in a two bedroom condo with a Jacuzzi.

Brett and Bobbi would like to thank everyone who made their wedding possible. She also added that her

family and friends complimented about how nice the location was. The glowing bride added “It was perfect for us!”

Remember, the Bethel Church can be rented for weddings, get-togethers, and

other special occasions. For more information please contact the

## News from the Director by Deborah Kennamore

On this cold, rainy day in March, it is hard to believe that it is spring

in some parts of our country. I'm ready! We had a lot of snow this winter and when it when it was cold outside...it was *really cold!*

However, we really lucked out with great weather for our annual Pioneer days. The weather helped us make it a record day for us. We all had so much fun with the record attendance.

I encourage all of our long distance members to check out our Website on a regular

basis—we are constantly updating the site. We will be adding our Lifetime Members and Brick Purchases in the near future. I am thankful for our *Webmaster, my dear hubby* Pete. We are constantly updating adding and changing exhibits at the Museum. I encourage you to come see us! Change is good!

We are also planning many special events this summer so check with us regarding the progress. Of course, you will all be invited.

Our next newsletter which will be out in July 2004 will be a bigger challenge than usual. I have been totally spoiled the last few issues with Jessi Cherry, our work study student extraordinaire, taking over the writing of the newsletter among her many

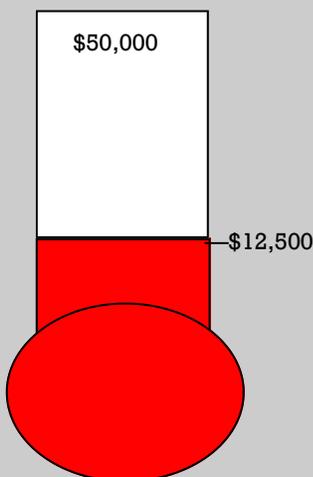

other duties. Jessi has done a fantastic job. I am already mourning because she graduates in May and then she will be heading to Alaska. Maybe she will write via e-mail? We all wish Jessi good luck in her new endeavors.

Coming this summer to the Coffey County Historical Museum...

### ***"Spirit of the Mask"***

From the private collection of Carla Hanson of Kansas City, Missouri, the Coffey County Historical Museum presents "Spirit of the Mask." Representing a broad assortment of nationalities, religions, rituals, over 100 masks from 5 continents, 40 countries, and nearly a dozen Native American tribes will be showcased! Dating from the early 1900's to the present, these masks can be viewed not only as cultural symbols but also as beautiful works of art.
