125th Coffey County Fair Signature Quilt

Inserted into every newsletter are 10 chance tickets! Win the 125th Coffey County Fair Signature Quilt which is fashioned after the one on display at the Coffey County Museum. You can either stop in or mail in the chance tickets to the museum, along with \$1.00 per ticket, and you will be on your way to winning the quilt! If you don't want to buy all 10 tickets, you can give the others to family and friends so that they can enter the drawing as well. The drawing will be held on April 13, 2006.

Pioneer Days 2006

Pioneer Days 2006 was a HUGE success! Over 1000 people attended the day's festivities, in addition to 120 volunteers. The day would not have turned out so well if it weren't for the volunteers and the guests! Sheri Volland spent many hours preparing the food that was enjoyed at the Ham and Bean Feed. We had a lot of people come up to us and say how much they enjoyed the newly added hobo soup, so we will definitely have it again next year!

Dr. Hughes surprised us by dropping by and offering to help serve, and it was nice to see him

and Dr. Sloyer having so much fun!

Gene Merry and Jon Hotaling were fun to watch interact and all the other volunteers were so helpful and patient as we tried to work through the "kinks" of the day.

A very BIG thank you to Don Miller, who worked the rope station all day. He was again a BIG hit and never did I see him turn down a child or the line become small!

Mary Buster gave a little "extra" to her students who listened to her during storytelling, when she offered them extra credit for asking

her questions! I know my daughter was excited!

Merle and Alan Smith (no relation) gave everyone beautiful music to listen to as they ate. They have been entertaining at Pioneer Days for years, and I am always excited when they say they will perform again for us!

Thanks again to everyone who attended and everyone who volunteered for the day. Pioneer Days was a success because of you!

Sheri Volland preparing for the Ham and Bean Feed

Helene Hall giving a demonstration on the loom

Vanetta Brown explaining how to churn butter the old fashioned way

Andrea Badgley at the silhouette station

The paper quilts and paper baskets were a welcomed addition

Look at all the people eating at the Ham and Bean Feed!

Pioneer Days 2006

Rev. Fred Schaeffer in the church

Gene Merry, Jon Hotaling, Angie Kirchner, and Dr. Jeff Sloyer

Mary Buster during storytelling

Merle and Alan Smith entertaining the crowd

Don Miller at his rope station

Pioneer Days 2006

Linda Salava helping with Yarn Dolls

Mary Markwalter at the Pie Station

Gene Merry and Jon Hotaling serving Ham and Beans and cornbread.
Love the hat Gene!

What a great Indian Headband you made!

Roberta Norman showing how to appliqué

Jim Stucky drawing

The new parking lot came in handy this year!

Explore Kansas!

As guests walk into the museum, they will not only be greeted by one of our friendly staff, but also by the "Explore Kansas!" display hanging above them. We have collected over 250 postcards and brochures from all over Kansas to show our

traveling guests how much there is to see and do in our wonderful state. The museums and Chambers from all across Kansas have been very kind in sending us these items to display, but we still need your help. If you are traveling through

Kansas and see a postcard or brochure that we don't already have, pick it up and help us add to our display. It may not look like it, but we do still have plenty of room!

Maintenance Update

Winter is here and with it the cold weather. We have been so busy here at the museum. Every time we turn around there is so much that needs done. We are looking forward to the warmer spring days up ahead. But with the warmer weather will come more things that need painted, repaired or taken care of out side and inside the museum. Our little gazebo out front has not

faired too well this winter. The lattice work has either been blown off by our Kansas winds or little hands have helped it to come apart. We are looking at replacing the wooden lattice so that our beautiful clematis has a place to climb and grow this summer. One of our goals this spring is to get the boardwalk out back weatherized, it is partly done, but we have a lot that still

needs to have the sealant applied to it. We are also looking forward to planning out flower gardens and display at the front door. We always welcome any one who would like to come and lend a helping hand with some of the projects that we have here at the museum. Besides the things mentioned in the above article we have a list below of the things that we would welcome help with.

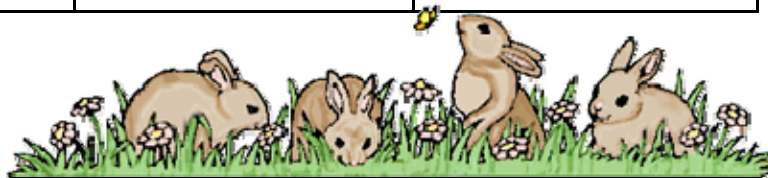

1. Church and School interior and exterior needs painted
2. The ceiling of the shed needs sealed
3. Loading dock needs a new seal
4. The seam on the back wall of the storage room needs caulking
5. Galleries need repainted
6. We need to slope the outside concrete at the base of the garage door
7. Floors need painted in most of the galleries and the back room
8. Dirt to fill in the low areas of the yard
9. The yard needs sloped so that the water from the Church sump pump can drain properly
10. Railing needs added to the loading dock steps leading to the loft area in the Asbury gallery
11. Some of the light fixtures need replaced
12. The office, pantry and library need new carpet
13. The sky light in the Cochran addition needs cleaned
14. Honeycomb and bee remnants need cleaned out from inside the walls of the church
15. Siding on the Church and School needs repaired/ replaced
16. The School floor needs stripped and refinished
17. Gutters need cleaned, snow sealed, downspouts repaired and leaf guards added
18. Metal benches need painted
19. Bird bath needs painted

"K is for Kansas: exploring Kansas from A to Z"

On February 18, 2006, the Coffey County Historical Museum had the grand opening for "K is for Kansas: exploring Kansas from A to Z." The gallery was decorated like a child's birthday party to coincide with Kansas' (belated) birthday, and was complete with streamers, banners and balloons. Kristin made two

wonderful cakes and homemade ice cream that was served to our party guests. In addition to the opening, Marci Penner, Director of the Kansas Sampler Foundation and author of "The Kansas Guidebook for explorers" spoke about her book and all the amazing places we can go see right here in Kansas! After

Marci spoke, she was gracious enough to stay and sign her book and speak one-on-one with our party guests. Although a bit cold in the museum, the day turned out to be a success!

Marci Penner speaking to our guests

"C is for Coffey County"

To go along with "K is for Kansas," we have developed our own exhibit called "C is for Coffey County". Each letter of the alphabet is represented by someone, something or someplace from Coffey County. When you come in and view "K is for Kansas," please take a moment

and read what we have put together for "C is for Coffey County". It is amazing how much history our county has! If you think of anything that we do not have listed, let us know and we will happily add it to the exhibit!

“The Kansas Guidebook for explorers” by Marci Penner

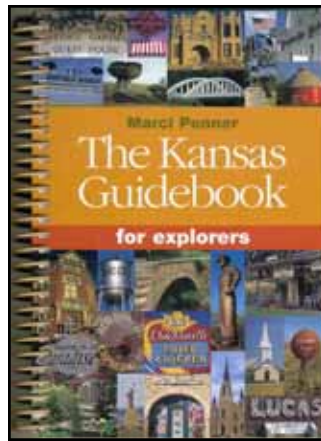

Right now is a great time to plan your summer travels around the state of Kansas. Since most people do not know how much there is to do and see in Kansas, the museum now has a tool that will help those explorers take day trips or week long vacations without having to leave this wonderful state.

On February 18, 2006 we were honored to have Marci Penner speak here at the Coffey County Historical Society & Museum.

Marci has written “The Kansas Guidebook for explorers” which is for sale at the museum. Marci has been in every county and the 627 incorporated towns in Kansas, and in each place she has found something unique and interesting to see. For example, do you know where the tallest point in Kansas is and what it is called? Or how about where the author of our state song lived. Did you also know that we

have an 1871 stone school which is one of a few buildings left from a 1869 Welsh community here in Coffey County? Not only are historic and unique places featured in this book, but there is also a wide assortment of restaurants and over night lodging for those wanting to explore Kansas.

Whether it be for a day trip or a vacation there is something for every one to see or do in our sunflower state!

“A Quirky Little Cookbook” by Sharon Spade

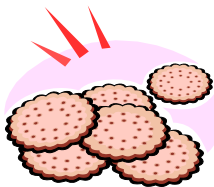

Sharon (Hess) Spade worked at the Coffey County Historical Museum as Curator until 2002 at the age of 45, when she was injured in an automobile accident that caused a spinal cord injury and resulted in paralysis. After three years of hospital and rest home stays plus rehabilitation therapy, Sharon moved into an apartment in her hometown of Emporia, Kansas. She had been in Coffey County for 7

years. “A Quirky Little Cookbook” arose from cooking with her attendants as she instructed them in preparing her meals. In addition to her recipes, each category in the book is preceded by one of Sharon’s original and delightfully “Quirky” little rhymes, and various other nuggets of thought.

Sharon’s family and friends helped her put the cookbook together by

collecting the recipes for her. Sharon states she did all the writing and designing herself. At the present time she is helping her dad update genealogy of the Spade family from a previous printing done 15 years ago.

“A Quirky Little Cookbook” is on sale at the museum for \$10.00.

February's Featured Coffey County Historical Society Member...*Mary Lou DeLong-Atherly*

Mary Lou DeLong was born in the town of Strawn, Kansas to Ray A. & Tracy H. (Phillips) DeLong at 4:00 a.m., September 2, 1927. She lived in Strawn, Kansas and Burlington, Kansas until the late summer of 1957. The state of Kansas has always been Mary Lou's home, and she has since spent much of her time in Coffey County after moving away. Even though the Redmond Reservoir abolished the town of Strawn, the memories always remain home. She admits that it would be a delight if her childhood home still existed.

Mary Lou's career days were spent with the Federal government where she

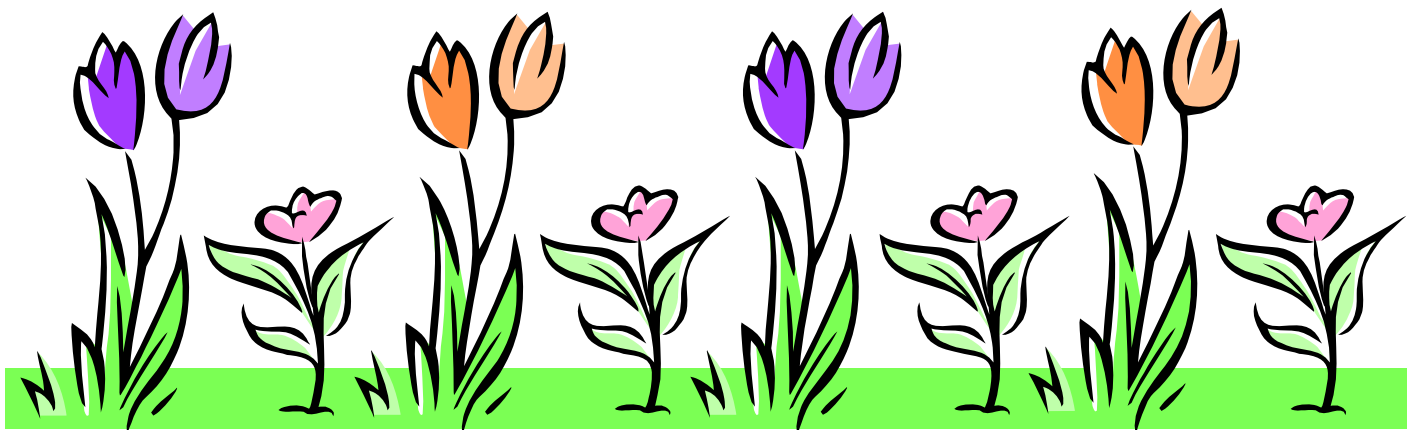

received their Superior Service Award.

Mary Lou thinks that the museum should be most proud of the contents it has. She has often expressed her belief that the Coffey County Historical Museum is one of the best in the state of Kansas.

Mary Lou has donated many items to the Coffey County Historical Society & Museum, including her books on the history of the town and its surrounding area. Even though the State Historical Society wanted the large collection of photographs of the area which she assembled, she chose to give it the Coffey County Historical Society & Museum.

Mary Lou continues to enjoy reading and writing. Each week she writes a letter to the ill, for which she and her husband cover all the expense. She loves people, no matter their race, religion, color, etc., and the book on which she is now working on entitled, "Hearts Beat In Rhythm" is for that cause.

Mary Lou says that the Coffey County Historical Society is a wonderful organization, and with the assistance of the Coffey County Historical Society, the former town of Strawn has been recognized by a monument southwest of the former town. She believes that the entire area of Coffey County has been acknowledged.
